Program 1. Fleet Services

David Higgins, Director Account: 011-321-0321

Program Description

The Fleet Services Program is responsible for the preventive maintenance, routine and emergency repair of approximately 1,062 vehicles. Fleet Services maintains vehicles for all City departments excluding public safety agencies and the Public Health Commission. Preventive maintenance, such as oil change, brake repair, and fluid changes, will be performed four times per year. Routine and emergency repair, such as body work, transmission repair, tire repair, glass replacement, and engine servicing, will be performed as needed for each department's fleet. In addition, Fleet Services will conduct emission testing, registration functions, and monitor the City's centralized and departmental fleets.

Program Objectives

- To provide scheduled preventive maintenance to the City's vehicle fleet.
- To ensure vehicles in the centralized fleet are in proper operating condition.

Central Fleet Maintenance Capital Budget

Overview

In fiscal year 1998, funds were allocated for a Central Fleet Maintenance Facility Study to determine the most effective manner for maintaining the City's fleet of over 750 vehicles. At the present, the fleet is maintained at two separate facilities, one on Frontage Road, the other on Southampton Street.

FY00 Major Initiatives

- The study found that managing fleet maintenance from one location would be most effective and efficient. Therefore, significant capital funding — \$1 million — has been allocated to renovate 400 Frontage Road in order to accommodate a centralized fleet maintenance facility. Capital and operating funds will be used to purchase and upgrade equipment and to lease or purchase several new vehicles for the motor pool.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

Program 1. Administration

Bernard Margolis, *President* Account: 011-110-0110

Program Description

The Administration and Support Services Program proposes goals and objectives to the Board of Trustees, plans, directs and manages the Library to ensure effective and efficient response to citizen needs, and provides centralized functional support for the community and research libraries' services. The program functions through the centralized offices of the President, Human Resources, Finance, Facilities Systems, Technical Services, Communications and Community Affairs, and Technical Implementation and Training. Support for the Read Boston initiative is also included for FY00.

Program Objectives

- To provide overall user satisfaction.

Program 2. Community Library Services

Bernard Margolis, *Manager* Account: 011-110-0110

Program Description

The Community Library Services Program supports the changing educational, informational, and cultural needs of adults, young adults, and children by providing circulating collections of print and non-print material, access to electronic resources, readers advisory and reference services, public programs, and outreach activities. The program functions through 25 neighborhood branch libraries, a mobile library services unit, the central General Library Departments and coordinators of age and group specific services. Eighteen branches will be offering expanded service hours in FY00.

Program Objectives

- To provide access to and encourage the use of print and non-print resources that respond to the needs and interests of all segments of the population.

Program 3. Research Library Services

Gunars Rutkovskis *Manager* Account: 011-110-0110

Program Description

The Research Library Services Program acquires, maintains, preserves, and provides access to research materials and information in all fields of knowledge for users at local, state, and national levels through the assistance of professionally skilled staff trained in specialized subject fields. The program functions through the central Research Library departments, the Kirstein Business Branch, and three remote storage sites; the Charlestown and Norwood Service Buildings and the New England Deposit Library.

Program Objectives

- To provide access to and encourage the use of print and non-print resources that respond to the needs and interests of all segments of the population.

External Funds Projects

State Aid To Libraries

Project Mission

The Library Incentive Grant/Municipal Equalization Grant is granted by the Commonwealth of Massachusetts Board of Library Commissioners to the Trustees of the Public Library of the City of Boston annually. The Library is required to meet certain minimum standards of free public service established by the Board to receive the grant.

Trust Fund Income

Project Mission

The majority of the Library's assets are held in trust in accordance with the intentions of the donors. The principal of the Trust Funds is invested in various types of investment securities that generate income which, in turn, is used to purchase library materials.

Library of Last Recourse

Project Mission

The Library of Last Recourse provides reference and research services for individual residents of the Commonwealth at the Boston Public Library through developing, maintaining, and preserving comprehensive collections of a research and archival nature to supplement library resources available throughout Massachusetts. The Library maintains the personal resources, expertise, and bibliographic skills needed to develop and provide access to reference and research collections.

Boston Regional Library System

Project Mission

The Boston Regional Library System - (BRLS) combines the resources of a voluntary organization of public, academic, school and special libraries serving cities, towns and institutions in Boston. Headquartered at the Boston Public Library and comprised of seven subregions, BRLS provides reference and information services, interlibrary loan and delivery services, and access to a variety of audiovisual materials to libraries that are part of this regional system. The BRLS operates under a cost reimbursement agreement granted by the Commonwealth of Massachusetts Board of Library Commissioners.

Library Department Capital Budget

Overview

To ensure that the Boston Public Library (BPL) offers an inviting, well-maintained environment in which to learn, extensive capital improvements have been made over the past few years. Fiscal year 2000 capital investment will further enhance the physical environment and programming capacity of the BPL.

FY00 Major Initiatives

- In 1996, construction began on the \$20.6 million Phase II McKim Building restoration project. Phase II improvements currently underway include the restoration of Bates Hall, courtyard arcade, newspaper and periodicals rooms, catalogue department and microtext.
- The McKim Project is a partnership between the City of Boston, Commonwealth of Massachusetts, the Federal government and The Boston Public Library Foundation. During the next phase, extensive exterior repairs and further rehabilitation will complete the library's renovation.
- The new addition at the Hyde Park Branch Library will be completed this year. Renovations to the existing building will continue into next year.
- \$1 million has been authorized to fund a new Boston Public Library security system to better protect its valuable store of books and information.
- A Library Department Strategic Master Plan will be undertaken to examine demographic, demand, technology and facility issues as the basis for developing long-term strategic goals. Across the City a host of improvements are planned to branch libraries, including a new roof at Parker Hill, a new elevator and redesigned bathrooms at the South End and new windows and flooring at the West End.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

Program 4. Planning & Development

Stan Ivan, Manager Account: 011-300-0301

Program Description

The Planning and Development Program works to develop and revitalize the full potential of Boston's physical park system by designing, contracting and monitoring capital improvement projects. The planning process analyzes active and passive park opportunities, restores park lands, and promotes open space that is safe and accessible as well as functional and aesthetically pleasing. Improvements must be sensitive to community needs, budget limitations, appropriate environmental and horticultural values, and maintenance requirements.

Program Objectives

- To develop and implement open space and capital plans for the City's parks.
- To design and construct capital projects.

Project Mission

The Parkman Fund annually provides additional funding to maintain and improve parks, such as the Boston Common, Public Garden, Franklin Park, the Fens, etc. This includes tree work, repairs to roads, turf and funding for maintenance employees working in designated parks.

Central Artery/Third Harbor Tunnel

Project Mission

The Parks Department will review Central Artery/Third Harbor Tunnel plans with respect to landscape architecture, parks, open spaces and environmental issues. In addition, the department will participate in standardizing tree planting, streetscapes and buffers.

Fund for Parks and Recreation

Project Mission

The Fund for Parks and Recreation in Boston was established in 1983 for the purpose of furthering the maintenance and preservation of Parks now or in the future belonging to the City of Boston and to provide recreational programs to the residents of Boston.

National Forest Service

Project Mission

Funds are used for community organizing, planning and education in the area of urban forestry.

Parks and Recreation Department Capital Budget

Overview

The City of Boston's many parks and open spaces provide numerous environmental, recreational, social and economic benefits to those who live, work in or visit Boston. The park system offers 2,200 acres for public enjoyment, including the Emerald Necklace - a series of nine parks from Franklin Park to the Back Bay Fens to the Boston Common - which connects Boston's neighborhoods to the downtown area. Fiscal year 2000 capital funds will build upon the progress made in the past several years, with ongoing renovations and improvements planned to playgrounds and parks throughout the City.

FY00 Major Initiatives

- Over \$3.5 million will be allocated to completely rehabilitate Christopher Columbus (Waterfront) Park.
- 600,000 has been allocated to replace or to upgrade infrastructure and equipment in numerous parks across the City.
- Nearly \$600,000 will be allocated to rehabilitate Orchard Park to support BHA's Hope VI housing initiative.
- Almost \$700,000 will be used to rehab Langone/North End Park for ASLA Centennial Convention.
- Play equipment will be replaced at several playgrounds, including Beauford, Fallon Field, Penniman, and Mission Hill. An additional 500,000 is included in this year's capital plan to upgrade ball fields throughout the City. Tree planting continues to be a priority, with over \$1.4 million allocated for FY00.
- The East Boston Greenway is now in construction with \$900,000 in MHD Enhancement funding.
- Two neighborhoods will benefit from new or improved playing fields. On Geneva Avenue in Dorchester, across from the Jeremiah Burke High School, a new football/soccer field and field house are planned. In Hyde Park, construction will begin on a new artificial turf soccer field and a skateboard park at Reservation Road.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

Program 1. Administration

Stephen Crosby, *Manager* Account: 011-180-0180

Program Description

The Administration Program provides centralized administrative, fiscal, and human resource support services for the Basic City Services Cabinet. The program processes contracts, manages finances, implements human resource management policies and personnel paperwork, and monitors all budgetary actions through internal auditing of expenditures and revenue collections. In addition, it assists in efforts to enhance the effectiveness and efficiency of the Department's programs and activities.

Program Objectives

- To manage the delivery of basic City services.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

Agency Manager

Public Works Department Operating Budget

Joseph Casazza, Commissioner Account: 011-311-0311

Department Mission

The mission of the Public Works Department is to provide a quality environment for the City of Boston and ensure that the City's roadways, streets and bridge infrastructures are safe, clean and attractive. The Public Works Department also maintains street lights, provides snow removal and garbage collection and disposal as well as curbside recycling.

FY00 Performance Objectives

- To maintain the Central Maintenance Facility and Public Works district yards.
- To control alterations to the public way through design and competitive advertising for construction services.
- To reconstruct and resurface the City's roadways and sidewalks.
- To maintain clean City streets.
- To maintain and operate vehicle and pedestrian bridges.
- To provide modern, adequate and cost effective lighting for the City of Boston.
- To collect and dispose of residential solid waste and recyclable materials.
- To increase the diversion rate of recycling through the Recycling Program.
- To provide administrative and human resource support to all Department programs.

Description of Services

The Public Works Department directs the general construction, maintenance, and cleaning of approximately 785 miles of roadways throughout the City. It also provides snow and ice control for all City streets. In addition, it operates four major drawbridges, maintains 41,900 City-owned street lights, and supervises contracts for the removal and disposal of approximately 215,000 tons of solid waste. The Department also operates the City's recycling program with an annual diversion of approximately 38,700 tons.

Program 1. Administration

Mary Lou Donovan/Manager Account: 011-311-0311

Program Description

The Administration Program defines long-term policy and direction, and works to enhance service delivery throughout the Department. The program manages financial and human resources by anticipating and coordinating Department needs, and processing bills and payrolls. The program is also responsible for issuing permits for street openings and street occupancy.

Program Objectives

- To provide administrative and human resource support to all Department programs.

Program 3. Engineering

Peter Scarpignato *Acting Manager* Account: 011-311-0311

Program Description

The Engineering Program plans, designs, schedules, and prepares contracts for the reconstruction of sidewalks, roadways, and bridges. Engineering firms are used to supplement staff, and all work is coordinated with other City and state planning agencies. Through the Public Improvement Commission the program reviews any proposed changes on, over, or under public ways by outside groups. (The program also maintains the official records of all City-owned land and streets.).

Program Objectives

- To control alterations to the public way through design and competitive advertising for construction services.

Program 4. Highway Maintenance

Joseph Montalto, Manager Account: 011-311-0311

Program Description

The Highway Maintenance Program is responsible for the construction and maintenance of the highway infrastructure of the City. Responsibilities include installing pedestrian ramps and managing major capital improvements in business districts.

Engineering and inspection is provided for reconstruction and resurfacing projects and for the permanent restoration of damaged public ways. By inspecting public ways, analyzing and programming field data, and estimating recovery cost, this program seeks to minimize the damages to roadways and sidewalks by utility companies and contractors.

Program Objectives

- To reconstruct and resurface the City's roadways and sidewalks.

Program 5. Street Cleaning

Joseph Canavan, Manager Account: 011-311-0311

Program Description

The Street Cleaning Program is responsible for cleaning all City streets from curb to curb, with special emphasis on high litter areas and neighborhoods with posted street cleaning times. The program also maintains and empties litter receptacles in busier areas of the City, clears snow from the streets during winter, makes temporary repairs to streets and sidewalks, and provides assistance to the Recycling Program.

External Funds Projects

Engineering

Project Mission

The Engineering Program plans, designs, schedules, and prepares contracts for the reconstruction of sidewalks, roadways, and bridges. Engineering firms are used to supplement staff, and all work is coordinated with other City and state planning agencies.

Street Lighting

Project Mission

The Street Lighting Program's mission is to provide modern, cost efficient, and adequate street lighting to protect the general and traveling public on Boston streets, and in parks and playgrounds. It installs 600 new City-owned lighting units annually, and provides engineering services to outside agencies installing new City-owned street lights.

Highway Reconstruction

Project Mission

The Highway Maintenance Program is responsible for supervising outside contractors on larger repairs such as resurfacing and complete reconstruction of streets, sidewalks, and bridges. The program maintains 785 miles of public streets in Boston, oversees approximately \$40 million in street and sidewalk reconstruction, resurfacing, and restoration, and is responsible for installing pedestrian ramps and for major capital improvements in business districts.

Blackstone Market

Project Mission

To compensate the City for anticipated solid waste disposal costs associated with produce market activities and operations of the Haymarket Association located on Blackstone Street.

Recycling, Public Education

Project Mission

To better inform Boston residents about the available opportunities to recycle. Because the Boston recycling program is a voluntary one, the challenge is to motivate a diverse population to want to recycle, and to be sure they know how to do it properly.

Public Works Department Capital Budget

Overview

To ensure that the City's roadway and bridge infrastructure is safe, clean and attractive, a significant investment will be made to construct, rehabilitate and maintain roadways, bridges and sidewalks and to install and maintain City street lights.

FY00 Major Initiatives

- Pave the Way 2000 will make a \$15 million investment in City roads and sidewalks over the next two years.
- Construction will begin on Phase I and II of Gardner Street Landfill, a 92-acre site formerly used for waste disposal, to finish capping the site and begin construction of a new park.
- Roadways and bridges citywide will be rehabilitated to improve traffic flow and enhance aesthetic appeal. Preliminary design of a proposed roadway reconstruction will begin for Centre Street from Esther Road to Spring Street in West Roxbury. Washington, Tremont and Cambridge Streets in Allston-Brighton is currently in construction.
- Capital funds have been allocated for numerous ongoing projects, including repairs to roadways squares and bridges. Over \$1 million each has been allocated for the design and engineering associated with the reconstruction of Huntington Avenue and Hyde Park Avenue. Both of these projects have been advertised for construction by the Mass Highway Department. A total of \$9 million in state funding will be invested in Huntington Avenue, known as "Avenue of the Arts", to rebuild the roadway, build enhanced landscaping and to erect ornate "T" stations. Renovations to Hyde Park Avenue will provide new traffic signals, improve traffic flow and create a more attractive streetscape.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

Program 1. Youth Fund

Timothy McCarthy *Director* Account: 011-448-0448

Program Description

The Youth Fund appropriation will be used to support activities and services for Boston's youth. In addition to the Boston Public Schools, many City departments, including Parks and Recreation, Community Centers, Boston Public Library, Boston Public Health Commission, and the Jobs and Community Services division of BRA/EDIC provide services to Boston youth as part of their mission. The Youth Fund has been established to provide funding for summer jobs for youth, and educational programs for high-risk students and dropouts.

Program Objectives

- To establish a beautification and lot cleanup program.
- To hire the maximum number of youth who call the Hopeline.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

Program 1. Environment

Antonia Pollak, Manager Account: 011-303-0303

Program Description

The Environment Program works to enhance the quality of Boston's air, water, and land, and the integrity of its architecture and historic resources. The program researches and writes study reports, prepares National Register nominations, and performs design review of properties subject to landmark, local, district, and National Register review. Through participation in the Harborpark Advisory Committee and various local, state, and federal review processes, the program seeks to increase the accessibility and quality of Boston's water and riverfronts. The program also provides City residents the opportunity to drop off hazardous household materials for safe and proper disposal and provides year-round information and referral on hazardous materials, non-toxic options, and materials disposal and recycling.

Program Objectives

- To maximize protection of the environment by providing comments on behalf of the City on Environmental Impact Statements/Reports (EIS/R's), Chapter 91 notifications, and other federal and state reviews.
- To preserve historic character and significant architectural features in the City.
- To guarantee public access to water's edge.

External Funds Projects

Central Artery/Third Harbor Tunnel

Project Mission

The project pays for an architect to review the impact of construction on historic and cultural properties and for an archaeologist to review archaeological data discovered during the construction phases. The Environment Department provides services in the areas of design and construction contract review, construction monitoring, and environmental review and enforcement.

Brownfields

Project Mission

To assist in the disposition and development of environmentally contaminated sites in Boston's Dudley Street neighborhood and develop a model that can be replicated in other City neighborhoods.

Environment Department Capital Budget

Overview

Ensuring a clean, safe environment for those who live, work in or visit Boston is a top capital investment priority. Over the past three years, \$1.9 million has been authorized to clean up and conserve the City's open space and water resources and to create new areas for passive and recreational use.

FY00 Major Initiatives

- The acquisition, preservation and reuse of open space throughout the City continues to be a focus of capital investment. Over a six-year period, \$1.5 million will be authorized to acquire open space. The funds will be used to preserve and develop open space for passive and recreational use. The East Boston Greenway was the City's first open space acquisition under this program.
- Funds previously allocated will be invested in hazardous waste cleanup efforts. Funds will be used to test sites, to remove and replace soil and to upgrade sites on Condor Street and the BIFCO site, part of the East Boston Greenway.
- Beach restoration is also a key capital initiative. Over \$800,000 has been allocated to study Long Island and shoreline connections from Savin Hill to Commercial Point and Belle Isle to Piers Park. Recommendations for signage and access for person's with disabilities will also be made. These effort will enhance projects currently underway by the Commonwealth of Massachusetts.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

Program 1. Community Outreach & Response (CORE)

Frank Frattaroli Deputy Commissioner Account: 011-261-0260

Program Description

CORE, the Community Outreach and Response program, coordinates the Department's interaction with neighborhood groups and other City agencies. It provides direct services to neighborhoods through the Housing Enforcement Awareness Team (HEAT), Project Pride, the enforcement of the Senior Security Ordinance, community surveys, and autobody and garage inspection.

Program Objectives

- To have 200 private vacant lots cleaned by owners at no cost to the City.
- To inspect 150 automotive businesses annually for compliance with City of Boston licensing and permitting requirements.

Program 2. Building & Structure Inspections

Gary Moccia, Assistant Commissioner Account: 011-251-0250

Program Description

The Building and Structure Inspections Program protects the public by inspecting construction sites to ensure that construction conforms to all applicable building regulations, and ensures adequate egress, equipment, light, ventilation, and fire safety. The Program also ensures that complaints and violations are processed, and that the projects described by permit applications are the projects that are actually completed.

Program Objectives

- To maintain a 1:1 ratio of Building, Electrical, and Mechanical (BE&M) inspections performed to BE&M permits issued.

Inspectional Services Department Capital Budget

Overview

Capital investment in Inspectional Services initiatives will help to ensure that building safety standards and zoning requirements are met. It will also enable the department to enforce regulations pertaining to food preparation and service, housing codes, accurate weights and measures and animal and rodent control.

FY00 Major Initiatives

- Over \$11 million has been allocated to purchase a new information retrieval system, the completion of a file conversion and the design and purchase of technology to automate all functions of Inspectional Services. This will enable the City to respond to public requests more effectively.
- To meet increased demand for services, a new phone system will be authorized to improve customer access to the Inspectional Services department.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

Andrea d'Amato, Commissioner Account: 011-251-0251

Department Mission

The mission of the Boston Transportation Department is to promote public safety, manage the City's transportation network, and enhance the quality of life for residents of our City neighborhoods. Accomplishment of our mission is ensured through the use of planning, coordinated engineering, education and enforcement. The Transportation Department strives to improve circulation in and around the City, enhance public transportation services, gain efficiencies in the management of parking resources, adjudicate and collect fines, collaborate with relevant agencies and encourage the use of alternate transportation modes.

FY00 Performance Objectives

- To enhance access to and mobility within the City.
- To ensure that traffic signals, signage and meters are maintained on a timely basis.
- To improve vehicle flow and public safety within the City by ensuring compliance with parking, meter, residential and street cleaning regulations.
- To improve vehicle, pedestrian, and school zone safety.
- To renew resident parking permits in a timely and convenient manner.
- To respond to customer inquiries in the most efficient and effective manner possible.

Description of Services

The Transportation Department regulates traffic and parking for 785 miles of roadway and 3,708 public streets. In order to ensure an efficient yet safe flow of traffic and to balance competing demands for parking resources, the Department enforces 42 parking regulations, maintains 726 signalized intersections, maintains and collects from the City's 6,800 parking meters, and annually replaces or repairs several thousand of the City's 300,000 street and traffic signs. The Department also continually responds to the changing transportation needs of the City and its neighborhoods by re-evaluating traffic patterns, increasing parking enforcement in response to neighborhood requests, incorporating the City's interests into state and federal roadway developments, and working to promote alternative modes of transportation for commuters.

Traffic Division Operating Budget

Andrea d'Amato, Commissioner Account: 011-251-0251

Division Mission

The Traffic Division's mission is to develop, implement, support, and manage all transportation programs and projects undertaken by the Department. These programs and projects emphasize the smooth and safe flow of vehicular traffic through the streets of the City, cooperative work efforts with the MBTA to enhance mass transit, maximum utilization of the City's limited parking resources, and pedestrian safety.

FY00 Performance Objectives

- To enhance access to and mobility within the City.
- To ensure that traffic signals, signage and meters are maintained on a timely basis.
- To improve vehicle flow and public safety within the City by ensuring compliance with parking, meter, residential and street cleaning regulations.
- To improve vehicle, pedestrian, and school zone safety.

Traffic Division Operating Budget

Description of Services

The Traffic Division establishes and maintains a wide variety of programs to enhance transportation throughout Boston. The Division delivers such services as increased loading zone access for the delivery of goods and services, increased short-term parking opportunities and resident restricted parking spaces, efficient flow of vehicular traffic during peak periods, removal and disposal of abandoned vehicles, computerization of traffic signals, and traffic planning and engineering for the design or redesign of streets and intersections. The Division also provides clean, safe, and convenient parking facilities downtown and in neighborhood business districts. Provision of this service includes inspections, cleaning and renovations of facilities and enforcing existing parking leases.

Program 1. Administration and Finance

Steve Dolan, Manager Account: 011-251-0251

Program Description

The Administration and Finance Program is responsible for supporting the department's mission through management systems providing accountability and encouraging the efficient use of City resources. The A&F Program advocates for alternative financing for the administration of transportation programs including federal and state grants as well as public/private partnerships.

Program Objectives

- The Administration and Finance Program monitors departmental spending for goods and services in accordance with the approved budget and processes financial transactions in a timely and accurate manner.

Office of the Parking Clerk Operating Budget

Bruce Graubart, *Division Head* Account: 011-251-0253

Division Mission

The Office of the Parking Clerk's primary mission is to respond effectively to public inquiries about parking tickets, resolve any disagreements through an adjudication process, and to deter illegal parking by successfully collecting parking violation fines. The Office is also responsible for adjudicating and collecting fines on abandoned vehicles and for administering resident parking permits.

FY00 Performance Objectives

- To renew resident parking permits in a timely and convenient manner.
- To respond to customer inquiries in the most efficient and effective manner possible.
- To operate an effective fine collection program.

Office of the Parking Clerk Operating Budget

Description of Services

The Office of the Parking Clerk oversees and operates a number of major components of the City's Parking Violation System (PVS). The PVS is a high volume, complex operation involving numerous computer-based systems that support all elements relating to parking tickets from design, procurement, and processing of tickets, through providing responses to public inquiries, adjudication, collection, and final disposition. Parking permits for neighborhood residents are issued by the Office of the Parking Clerk.

Program 1. Parking Clerk

Bruce Graubart, *Manager* Account: 011-251-0253

Program Description

The Office of the Parking Clerk is responsible for the oversight and management of the City's comprehensive Parking Violation and Parking Management Information Services System, the administration of the issuance program for Resident Parking Permits, and adjudication related to the issuance of parking citations and the abandoned vehicle program.

Program Objectives

- To operate an effective fine collection program.
- To renew resident parking permits in a timely and convenient manner.
- To respond to customer inquiries in the most efficient and effective manner possible.

External Funds Projects

Community Traffic Safety Program

Project Mission

The overall project goal is to decrease roadway fatalities and injuries by implementing traffic safety initiatives, activities, and awareness campaigns at the local level.

Central Artery/Third Harbor Tunnel

Project Mission

The Central Artery/Third Harbor Tunnel (CA/THT) Project Team mission is to coordinate project-related activities performed by the City in conjunction with the Massachusetts Highway Department. The project team coordinates the provision of City services for the construction of the CA/THT including planning and engineering, regulatory permitting and inspections, emergency services, public safety, and other projects support.

Parking Facilities Fund

Project Mission

The City owns and operates several revenue producing public parking lots. The CA/THT project caused the state to take by eminent domain 15 lots previously owned by the City. As part of a negotiated land disposition agreement, the City has continued to manage the lots for the state in exchange for 50% of rents collected. All of these state-owned lots will be shut down for construction purposes.

Transportation Department Capital Budget

Overview

Significant capital investment in recent years has enabled the Boston Transportation Department to keep traffic flowing in the City and to improve pedestrian safety. Numerous improvements are planned for the coming year including upgrades to traffic signals, new signal control boxes, pedestrian ramps and parking facilities.

FY00 Major Initiatives

- The Transportation Department will undertake a comprehensive city-wide Transportation Plan that will address traffic management and parking issues.
- In Cleary Square, Hyde Park, \$400,000 will be allocated out of the City's Parking Fund to improve the Winthrop Street municipal parking lot.
- Across the City, a variety of improvements are scheduled such as upgrades to traffic signals and construction of new parking facilities. The Boston Transportation Department facilitated MHD's advertisement of the upgrade to the design of the Traffic Control Center (TEC) at Boston City Hall. It will replace the current 12-year old system with a new state-of-the-art system to improve traffic movement throughout the City.
- Funds have also been invested to design and replace 120 out-dated electro-mechanical traffic control boxes with modern solid state traffic control boxes. This \$3 million traffic control box replacement program is in construction by the Massachusetts Highway Department.
- An existing allocation of \$900,000 will fund an ongoing program to replace school zone traffic signals.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

Cabinet Mission

The Human Services Cabinet is committed to promoting the health and well-being of the City's residents. Basic health services will be available to all residents of Boston, regardless of their ability to pay, and specific health care needs in each of the City's neighborhoods and communities will be identified and prioritized. The provision of social, recreational, and support services to city residents, particularly the homeless, women, the elderly, youth, and veterans, will be coordinated and made available in a customer-friendly and culturally sensitive manner. The Cabinet enforces all antidiscrimination laws and protections under the jurisdiction of the City, and advocates for the advancement of policies and legislation to address the needs of individuals and groups within the City.

External Funds Projects

Jackson-Mann Day Care Program

Project Mission

The Pre-school Program serves 50 low- and moderate-income children, ages 2.9 to 6 years old, from the Allston/Brighton community. Hours of operation are 8:00 a.m.-6:00 p.m., Monday through Friday, year-round except federal and City holidays. The After-School Program serves low- and moderate-income families who are in need of child care. It offers a safe, secure, nurturing environment which meets the needs of each child.

Community Child Care

Project Mission

Boston Community Centers' Community Child Care Programs were established to provide quality child care and school-age care for children and their families in the City of Boston. The curriculum is designed to encourage the development of the child's social, physical, emotional, cognitive and creative skills.

Bureau of Nutrition Child & Adult Care Food Program

Project Mission

Boston Community Centers' Child Care Programs will participate in the USDA Child and Adult Care Food Program. Meals are available without a separate charge to participating children without regard to race, color, national origin, sex, age or disability. Children who are members of AFDC assistance units or food stamp households are automatically eligible to receive free meals benefits.

James M. Curley Recreation Center

Project Mission

The James Michael Curley Recreation Center is a community-based community center that strives to enhance the quality of life for South Boston residents, in particular, and that of other surrounding communities. The recreation center is open year-round, seven days a week for 362 days per year. It provides enrichment, recreation, education, child care, special needs, and senior services to individuals of all ages.

Senior Streetworker Program

Project Mission

The Senior Streetworkers work with and support the Streetworkers staff to appropriately identify and implement programs and training and to provide coordination among Boston Community Centers and the network of Streetworkers. The Senior Streetworkers work with the program manager and Streetworkers to respond to and to intervene in crisis or emergency situations City-wide.

Community Centers Capital Budget

Overview

Each of Boston's neighborhoods is unique in its physical environment, culture, people and traditions. At the heart of many of Boston's neighborhoods are the community centers where people come together to engage in social, recreational and educational activities. Capital investment in the City's community centers will help to ensure a high quality of life for the working families who live in these neighborhoods by providing quality programming and services.

FY00 Major Initiatives

- A \$7 million renovation of the Vine Street Community Center started in February, after extensive input from community residents.
- Major repairs are planned for the Blackstone Community Center in the South End, including such exterior improvements as new child-safe play areas, lighting improvements and an architecturally correct fence. Interior renovations will include new windows, a new gym floor and a running track.
- In design, is the Harborside Skate Park in East Boston. A growing activity in the City will be well serviced by this innovative and exciting outdoor skateboard/rollerblade park. This is scheduled to open this fall.
- Boston Community Centers is moving its administrative offices into the Tobin Municipal Building in Roxbury. The \$7 million renovation will accommodate their offices and offer expanded child care services currently offered at the facility.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

Program 1. Fair Housing Commission

Victoria L. Williams, Manager Account: 011-403-0403

Program Description

The Fair Housing Commission works to eliminate discrimination and increase access to housing in Boston through investigation and enforcement, affirmative marketing, and interagency coordination. The Fair Housing Commission also manages a computerized listing service of available housing opportunities in an effort to provide low-income households increased access to housing in metropolitan Boston (106 cities and towns).

Program Objectives

- To investigate and conciliate housing discrimination complaints in an efficient manner.
- To develop an education and outreach program that includes brochures, seminars, and PSA's aimed at individuals, landlords, and real estate professionals.
- To improve the quality and efficiency of Affirmative Marketing Plans.
- To facilitate access to affordable housing for low and middle income households through Metrolist and housing counseling.

Community Development Block Grant

Project Mission

The Fair Housing Program works to eliminate discrimination and increase access to housing in Boston through investigation and enforcement, education and outreach, affirmative marketing, and interagency coordination.

Metrolist

Project Mission

This grant funds "Metrolist," a computerized listing service of available housing opportunities throughout the Boston metropolitan area (106 cities and towns). The Fair Housing Commission provides low-income households with increased access to Metropolitan Boston housing through maintaining housing listings, and providing education, outreach, and referrals to local, state, and federal resources.

Central Artery

Project Mission

The department accepts, assists in resolving, and/or refers inquiries and complaints that relate to access or civil rights of people with disabilities. The department reviews Central Artery/Tunnel Project construction plans that relate to access for persons with disabilities or compliance with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act and provides the necessary expertise to the City of Boston in its monitoring of the CA/T related construction to ensure compliance. The department provides technical assistance and training to the project as needed.

Regional Opportunity Counseling Program

Project Mission

"ROC" is a housing mobility program administered by a partnership of the Fair Housing Commission, the Boston Housing Authority, and the Metropolitan Boston Housing Partnership. Under ROC, families who have Section 8 subsidies are provided an array of services, including housing search assistance, renter education workshops, individual counseling, and referrals to self-sufficiency resources. In addition, outreach is done to property owners/managers to generate rental listings in areas with low poverty levels.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

Cultural Affairs Operating Budget

Esther Kaplan, *Director* Account: 011-503-0503

Department Mission

The mission of the Office of Cultural Affairs is to advocate within City Government for Boston's 16,000 member arts community and 150 non-profit cultural organizations. In addition, the agency administers the Boston Council for the Arts and Humanities annual grant program, coordinates programs offered by non-profit cultural organizations in the Boston Public Schools, exercises regulatory authority over public art through the Boston Art Commission, and facilitates movie and film industry projects through the Boston Film Bureau.

FY00 Performance Objectives

- To develop and expand arts programs in Boston schools.
- To assist in the development of new pieces of public art.
- To assist and expand art programs in Boston out-of-school programs.
- To provide technical assistance to Boston's culturally diverse artists and arts organizations.
- To increase Boston as the site of choice for film production companies.
- To assess the needs of Boston's cultural community and assist the cultural community to address those needs.

Description of Services

The Office of Cultural Affairs implements the Local Cultural Council Program (which regrants state funds), develops and distributes grant proposals, administers the Adopt-A-Statue program, implements decisions of the Boston Art Commission, provides technical assistance, conducts research and outreach, and works to improve public access to affordable cultural programming. In addition, the Office of Cultural Affairs stimulates economic development and encourages the development and preservation of theaters, concert halls, and exhibition, rehearsal, and studio space throughout Boston. The Office advocates for, generates and facilitates new resources for quality arts programming for Boston youth in and out of school. The Office convenes, facilitates and fosters collaboration amongst City departments conducting cultural programming and/or working on cultural-related matters in order to provide efficient, effective and high quality services to the residents of Boston. The agency works with other departments and the private sector to retain Boston's visual arts community through efforts to legalize existing visual artists' live/work space and the creation of new space. The Office, through the Film Bureau, encourages film production in Boston by soliciting production companies and facilitating permits necessary for filming activities.

Program 1. Arts and Humanities

Esther Kaplan, Manager Account: 011-503-0503

Program Description

The Arts and Humanities Program advocates for the concerns of Boston's 16,000 visual, performing, and literary artists and non-profit cultural organizations. It also advocates for the residents of Boston as to their concerns and needs from the cultural community of Boston. It serves as a link between individuals and organizations within the arts community and those within the public and private sectors. It strives to make cultural resources accessible to the residents of Boston and strengthen the role of the arts and humanities in the fabric of Boston life. The program works with the Boston School Committee, the School Department, and the Boston 2 to 6 Initiative to create new public/private partnerships between Boston arts organizations, individual schools and out-of-school programs. The program is also the umbrella agency for the Boston Art Commission and the Boston Cultural Council.

Program Objectives

- To develop and expand arts programs in Boston schools.
- To assist in the development of new pieces of public art.
- To provide technical assistance to Boston's culturally diverse artists and arts organizations.
- To assist and expand art programs in Boston out-of-school programs.
- To assess the needs of Boston's cultural community and assist the cultural community to address those needs.
- To assess the needs of Boston residents from the cultural community and assist residents to have their needs met.

Program 2. Film Bureau

Esther Kaplan, *Manager* Account: 011-503-0503

Program Description

The Film Bureau Program acts in an ombudsman role to facilitate the film and movie industry's work in Boston. Through a "one-stop" permit program and through efforts to bring productions to Boston, the local economy is stimulated and jobs for Boston residents are created.

Program Objectives

- To increase Boston as the site of choice for film production companies.

Local Cultural Council

Project Mission

The Boston Cultural Council allocates funds annually to Boston to be regranting to non-profit arts organizations in the City. This year, the Office of Cultural Affairs will receive funds to distribute to the non-profit cultural industry.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

Elderly Commission Operating Budget

Joyce Williams, Commissioner Account: 011-387-0387

Department Mission

The mission of the Elderly Commission is to enhance the quality of life for Boston's senior citizens through planning, coordinating, and monitoring the delivery of services to the elderly in an efficient and effective manner. These activities are provided in conjunction with various federal, state, and City agencies, along with neighborhood service providers and senior citizen groups. The Elderly Commission also promotes the active involvement of seniors in the life and health of their neighborhoods.

FY00 Performance Objectives

- To increase Senior Shuttle ridership.
- To provide elders with health screening services and assistance in obtaining government benefits.
- To assess the needs of Boston's elder population.
- To increase senior citizen related special events.

Program 1. Administration

Marcia Good, Manager Account: 011-387-0387

Program Description

The Administration Program represents the interests of the elderly at the local, state and federal levels. The program provides word and data processing, screening and referral of clients, supervision of all Commission programs, and personnel, financial, program development, evaluation and administrative resources to ensure that all programs perform their missions. The program maintains a close relationship with seniors, senior citizen groups, and service providers.

Program Objectives

- To assess the needs of Boston's elder population.
- To increase senior citizen related special events.

Program 4. Program Services

Caroline Calloway/Manager Account: 011-387-0387

Program Description

Program Services provides direct services to Boston's senior citizens and elderly community groups. In addition, the program provides personnel and administrative support for programs primarily funded with non-City resources. Program staff members assist seniors with obtaining government benefits/services and neighborhood-based services, develop and coordinate educational and social events, and provide advocacy and assistance on issues affecting the elderly. The health unit provides a variety of health screening and educational programs. The housing unit provides advocacy and assistance to elderly tenants and homeowners. The volunteers unit provides placement in Senior Aides, Senior Companions and Retired Senior Volunteer programs.

Program Objectives

- To provide elders with health screening services and assistance in obtaining government benefits.

External Funds Projects

Area Agency on Aging

Project Mission

The Elderly Commission has been designated an Area Agency on Aging (AAA) by the federal government. As such, the AAA plans and coordinates public, private and voluntary programs to provide the best possible service for Boston's older citizens. The AAA also provides direct funding for elderly-related services throughout Boston. The AAA Unit of the Elderly Commission monitors the agencies providing services and provides technical assistance as needed.

EDEA Formula Award

Project Mission

The EDEA Formula Grant provides funding for the Health and Housing Units. The Health Unit provides free health screening services: blood pressure screenings at neighborhood locations; Sound Screen (free hearing tests for seniors who have not been examined within the past two years by a qualified hearing specialist); dental screenings (with Tufts University at convenient locations); Brown Bag Pharmacy (promoting education and awareness of prescription and over-the-counter medications); Health Promotion Programs (major health education campaigns, such as heat and cold stress). The Housing Unit provides information, referral and direct assistance to Boston's elder tenants and homeowners.

Retired Sr. Volunteer Program (Federal)

Project Mission

The Retired Senior Volunteer Program (RSVP) recruits and places approximately 800 senior volunteers in opportunities allowing them to use their skills, acquire new skills and/or explore new interests. RSVP volunteers are partially reimbursed for meals and transportation and receive insurance coverage. RSVP volunteers must be at least 60 years old to participate in this program.

Senior Aides Program

Project Mission

The Senior AIDES Program is a part-time employment and training program for low-income seniors who are at least 55 years old.

Senior Companion Program (Federal)

Project Mission

The Senior Companion Program offers part-time stipendiary community service opportunities for low-income persons who are 60 years and older. Volunteers provide assistance to adults with exceptional needs, development and disabilities, or other special needs throughout Boston's neighborhoods. These volunteers work 20 hours weekly and receive accident insurance in addition to a stipend and/or meal and travel allowance.

Senior Companion Program (State)

Project Mission

The Commonwealth's Exec. Office of Elder Affairs supplements the federally-funded Senior Companion Program.

Retired Senior Volunteer Program (State)

Project Mission

This program supplements the federally-funded Retired Senior Volunteer Program.

Serving Health Information Needs - Elders

Project Mission

This grant funds information, counseling, and assistance around health insurance and benefit options for elders.

Prostate Cancer Awareness Program

Project Mission

This program provides health education and referral services to older men, especially linguistic minorities and men of color, about prostate cancer.

Coa Incentive Grant

Project Mission

This grant funds efforts to recruit volunteers, including minorities and bilingual speakers, to participate in the elder services programs offered by coordinating groups.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

Program 1. Veterans' Services

Thomas B. Materazzo *Manager* Account: 011-740-0741

Program Description

The Veterans' Services Program explores all legal avenues to provide needy veterans and their dependents with assistance in obtaining benefits to which they are entitled. It provides emergency cash assistance to homeless or about-to-be displaced eligible veterans and their dependents. It also provides assistance to indigent veterans through financial supplements and medical benefits, and offers employment, housing, and other referral services. In addition, the program maintains a leadership position within the Massachusetts Veterans' Services Agents Association to improve services to veterans. The program also maintains records of deceased veterans and provides for their appropriate memorialization.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

Program 1. Women's Commission

Marie A. Turley, Manager Account: 011-417-0417

Program Description

The Women's Commission Program provides information and referrals, technical assistance, advocacy, and policy direction for women in the City. The program addresses all concerns, but has particular focus on economic and gender equity, health, safety, child care and programs for girls. This program collaborates with other City departments, Suffolk County, state and federal governments, and non-profit organizations on many of these issues.

Program Objectives

- To provide technical assistance to individuals and organizations on issues concerning women.
- To advocate for increased attention to public policy initiatives that affect women's equal participation, economic security, family commitments, health, and safety.
- Through advocacy and educational programs, to provide opportunities for girls to experience a full range of life options.

Program 1. Public Health Services

John Auerbach, Executive Director Account: 011-620-0620

Program Description

The Boston Public Health Commission promotes the health of the people of Boston by protecting and fostering the three core functions of public health: assessment, policy development and assurance. It carries out these functions through a wide variety of activities including health promotion and disease prevention initiatives (such as street outreach and community education); the provision of critical health services (such as Emergency Medical Services, school-based primary care clinics and substance abuse treatment) for vulnerable, underserved and at risk populations; the monitoring and reporting on the health status of the City's residents (such as health update reports for each neighborhood); and the development of public policy approaches that maximize positive health outcomes (such as tobacco control and environmental health regulations).

Program Objectives

- To promote the development of a healthy adolescent population in Boston by training and supporting peer leaders, strengthening activities with middle school-age students and promoting physical activity and improved nutrition.
- To maintain an effective system of monitoring and controlling communicable diseases by providing HIV counseling and testing, expanding needle exchange services, guaranteeing appropriate tuberculosis services and distributing vaccines for childhood illnesses.
- To reduce the incidence of domestic violence in the City by conducting community agency training, establishing a public information campaign, assisting victims of domestic violence through the Emergency Medical Services systems and linking women and other victims to services.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

Neighborhood Development Division Operating Budget

Charlotte Golar Richie, Director Account: 011-188-0188

Division Mission

The Neighborhood Development Division is focused on making Boston the most livable city in the nation by working with its many communities to build strong neighborhoods through the strategic investment of public resources.

FY00 Performance Objectives

- To redevelop City and private properties for affordable homeownership, rental, and special needs housing.
- To provide shelter, support services, rental assistance, and housing counseling to homeless persons, persons with AIDS and tenants as applicable.
- To dispose of tax foreclosed and City-owned surplus property as quickly as possible in a manner that provides benefits to the community.

Program 3. Housing Development

William Cotter, Manager Account: 011-188-0183

Program Description

The mission of this program is to strengthen Boston neighborhoods by working with community groups to improve the economic, housing and physical environment of the neighborhoods. This is accomplished through increasing homeownership and housing investment, strengthening neighborhood real estate markets and improving neighborhood confidence. This program will emphasize homeownership development, affordable rental housing production, elderly housing and streamlining the funding process through the use of competitive funding rounds. There continues to be a need for the City to direct federal and City resources toward the development of affordable housing.

Program Objectives

- To improve housing stock for existing homeowners and encourage homeownership.
- To redevelop City and private properties for affordable homeownership, rental, and special needs housing.
- To provide shelter, support services, rental assistance, and housing counseling to homeless persons, persons with AIDS, and tenants as applicable.

Business Development Division Operating Budget

Kathy Kottaridis, *Division Head* Account: 011-188-0189

Division Mission

The Office of Business Development (OBD) guides the economic development agenda in Boston's neighborhoods through policy development and strategic use of technical and financial resources. It provides resources and quality service to entrepreneurs, businesses, and neighborhood commercial districts. The Division helps businesses grow, create jobs, and play a more vital role in local communities and the City's economy.

FY00 Performance Objectives

To develop and preserve economically viable attractive businesses and neighborhood business districts.

External Funds Projects

Community Development Block Grant

Project Mission

The Community Development Block Grant (CDBG) is an annual grant from the U.S. Department of Housing and Urban Development (HUD) to the City of Boston designed to fund a variety of neighborhood development activities. At least 70 percent of CDBG funds must be used to benefit low- and moderate-income households. CDBG funds are used to produce and preserve affordable housing, revitalize neighborhood commercial districts, assist the renovation of non-profit facilities, improve vacant lots, promote and monitor fair housing activities, and assist non-profit organizations in the operation of emergency shelters, health care, child care, youth and adult literacy programs. CDBG funds cannot be used for general government services nor to replace funding cuts from existing public service activities.

Emergency Shelter/Shelter Plus Care/Supportive Housing

Project Mission

The Emergency Shelter Grant (ESG) is an annual grant to the City of Boston from the U.S. Department of Housing and Urban Development (HUD) to support the development and operations of emergency shelters for the homeless. The Shelter Plus Care grant program is funded by HUD to provide rental assistance for homeless people with disabilities, primarily those with serious mental illness, chronic problems with alcohol and/or drugs, and AIDS. The support services, which must match the value of the rental assistance, are provided by other federal, state or local sources. The Supportive Housing Program is a HUD funded program to provide service, operating and/or capital funds for a broad range of housing and social service projects. The program requires that applicants match the amount of Supportive Housing acquisition and development funds requested with an equal amount of funding from other sources.

Home Investment Partnership

Project Mission

The HOME Partnership Program is an annual grant from the U.S. Department of Housing and Urban Development (HUD) to the City of Boston to support the development of affordable housing. Eligible activities include new construction or rehabilitation of housing, tenant-based rental assistance for up to two years, and assistance to first-time homebuyers. All HOME funds must be used to benefit low- and moderate-income households. Fifteen percent of HOME funds are set aside for Community Housing Development Organizations.

HOPWA

Project Mission

The Housing Opportunities for People with AIDS (HOPWA) Program is an annual grant received by the City of Boston from the U.S. Department of Housing and Urban Development designed to provide affordable, appropriate housing for people with AIDS (PWAs) in the Metropolitan Boston area. Eligible activities include: housing, counseling, housing development, rental assistance, technical assistance, homelessness prevention, operating costs including support services, and housing-related costs. DND will be directing these funds to three primary activities: metropolitan-area housing counseling to help PWAs find/retain affordable housing, technical assistance to developers of housing for PWAs, and emergency assistance payments to help PWAs retain their existing housing to prevent homelessness.

Lead Paint Abatement

Project Mission

The program provides intensive services (counseling, outreach, abatement) in a high-risk target area (Dorchester, Roxbury, Mattapan) and general abatement financing services City-wide.

Neighborhood Development Fund

Project Mission

The Neighborhood Development Fund receives revenue from the repayment of Urban Development Action Grant (UDAG) loans to the City. Funds can be used for eligible HUD Title I activities which are somewhat less restrictive than CDBG regulations. DND uses the NDF to fund home improvements and homebuyer assistance to middle income families, and provides financial support to businesses and business districts located in areas that are not low and moderate income.

Housing Stabilization Program

Project Mission

The Housing Stabilization and Investment Program is funded by the Commonwealth of Massachusetts to stabilize and promote reinvestment in cities and towns. Grant funds may be used for the development of rental or ownership housing covering both acquisition and rehabilitation costs, the preservation of foreclosed and distressed properties and demolition. At least 30% of all funds must be used for homeownership programs.

Section 108 Loan Project/Economic Development Initiative

Project Mission

Section 108 funds are available to eligible cities from the U. S. Department of Housing and Urban Development (HUD) on a competitive application basis. Section 108 funds are secured by the City through a pledge of its current and future CDBG grant awards. The City has received authority to borrow \$22 million for the Enhanced Enterprise Community (EEC) and an additional \$4 million for projects outside of the EEC. In FY00, the City proposes to also apply for an additional \$5 million to be used for affordable housing developments. The Economic Development Initiative (EDI) Program is a special HUD program that makes available grants to cities to spur economic opportunity by creating jobs, attracting private partnership, and training residents for new job opportunities. The goal of EDI is to promote community development through a long-term economic development strategy, to establish community-based partnership, and to develop a plan for responding to community needs by integrating economic, physical, human and other strategies. The City has received \$25 million for use within the EEC and \$1.3 million outside of the EEC. \$3 million of the EEC grant is reserved for social service activities. All of the remainder of the EDI funds will be used to lower the cost or lower the risk to the City on Section 108 loans made to eligible economic development projects.

On January 13, 1999, the City was designated an Empowerment Zone (EZ) community by HUD. This makes Boston eligible to share in proposed federal grants and tax-exempt bonding authority to finance sweeping revitalization and job creation programs over the following ten years. The ten-year EZ designation brings with it \$130 million in tax-exempt bonding authority for qualified projects and \$100 million in grants. The City is currently in the process of establishing a non-profit corporation to administer the \$100 million in EZ grants. Boston is expected to receive \$10 million during 1999.

Neighborhood Development Capital Budget

Overview

Capital investment will support citywide efforts to repair and rebuild public facilities, to develop and preserve affordable housing, revitalize neighborhood business districts and to improve public spaces.

FY00 Major Initiatives

- A new study is underway to assess the Dudley Municipal Center, which would be the home to Boston Police Department Area B District Station, the Boy's Club and the Dudley Branch Library.
- A host of projects are underway within the Department of Neighborhood Development. To improve environmental safety, fuel tanks will be removed or replaced at various locations citywide.
- The Neighborhood Improvements through Capital Expenditures (NICE) has begun which will develop projects suggested by neighborhoods.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

Rental Housing Resource Center Operating Budget

Albert Lombardi, Administrator Account: 011-384-0384

Department Mission

The Rental Housing Resource Center (RHRC) provides mechanisms including mediation for landlords and tenants to resolve disputes in an informal and non-adversarial manner. The RHRC provides property owners and tenants with technical assistance in meeting their legal obligations and exercising their rights. The RHRC is a vital member of a team of City agencies including DND, ISD and Tax Title who are working together to restore housing units in abandoned properties throughout the City. The RHRC continues to regulate the removal of lodging house units and provides protections to tenants in mobile home units.

FY00 Performance Objectives

- To serve as a resource for both landlords and tenants so that both understand their rights and responsibilities.
- To resolve housing disputes through mediation and other avenues that minimize adverse impacts to either party.
- To efficiently and fairly regulate those activities that fall under the jurisdiction of the Rent Equity Board.
- To ensure that beneficiaries of the City's affordable housing programs comply with the requirements of those programs.
- To serve as a resource to state government and other city agencies in the areas of property research and negotiation with property owners.

Program 1. Rental Housing Resource Center

Albert Lombardi, Manager Account: 011-384-0384

Program Description

The Rental Housing Resource Center (RHRC) provides services to both landlords and tenants. These services include mediation to resolve landlord/tenant disputes, counseling, and educational workshops. In addition, the RHRC monitors agreements between the City of Boston and landlords who have received City development funds (HOME, Community Development Block Grant, linkage) to ensure compliance with income and use restrictions placed on the property owner by the funding source. The RHRC also provides housing research to City departments and to the Mayor's Housing Advisor for the purpose of developing housing initiatives.

Program Objectives

- To serve as a resource for both landlords and tenants so that both understand their rights and responsibilities.
- To resolve housing disputes through mediation and other avenues that minimize adverse impacts to either party.
- To efficiently and fairly regulate those activities which fall under the jurisdiction of the Rent Equity Board.
- To ensure that beneficiaries of the City's affordable housing programs comply with the requirements of those programs.
- To serve as a resource to state government and other city agencies in the areas of property research and negotiation with property owners.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

City Clerk Operating Budget

Rosaria Salerno, City Clerk Account: 011-161-0161

Department Mission

The mission of the City Clerk's office is to accept, file, record and maintain all municipal records. The City Clerk publishes the agenda for all City Council meetings, records all Council and related Mayoral actions, and edits and compiles the minutes of Council meetings. The Department also maintains the City Council document system database and publishes, on a yearly basis, all ordinances and amended codes. The City Clerk is also responsible for overseeing the work of the Archives Commission.

FY00 Performance Objectives

- To receive, prepare, record and distribute financial and legislative documents; provide copies of Council agendas, distribute minutes and maintain a City Council database summarizing recent meetings.
- To update the Ordinance section of the Municipal Code and distribute annual supplements.
- To receive and record statutory filings as required by law; receive and audit political campaign finance reports.
- To provide archives record center services to City departments and the public; provide records disposition services to departments.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

City Council Operating Budget

James M. Kelly, Council President Account: 011-112-0112

Department Mission

As the Legislative body of the City, The City Council serves as a link between the citizens of Boston and their municipal government. Through the filing of legislation, the enactment of orders, ordinances and resolutions, the Council actively represents the diverse interests of Bostonians while ensuring the efficient and cost effective delivery of services. The Council fulfills its obligation as the appropriating authority by analyzing appropriations and loan orders.

FY00 Performance Objectives

- To maximize opportunities for citizen input into the Council's legislative process.
- To analyze legislation with financial implications and enable the Council to meet its responsibility as the City's appropriating authority.
- To serve as a resource for City employees, residents, and students seeking information about City government and the City Council.

- Structure of City Council, Ch. 452, Acts of 1948, as amended by Ch. 376, Acts of 1951.
- District Representation, Ch. 605, Acts of 1982.

Description of Services

Members draft and file legislation on a wide range of public affairs in Boston designed to improve the quality of life for its citizens. Each year the Council conducts an extensive series of public hearings to review the Mayor's appropriation request for the subsequent fiscal year. After a thorough analysis and determination that the request is fiscally sound, the Council approves an appropriation. Constituent needs are served as directed by each individual councilor.

Licensing Board Operating Budget

Daniel Pokaski, *Chairman* Account: 011-252-0252

Department Mission

The mission of the Licensing Board is to license, supervise, and regulate the sale and service of alcoholic beverages in the City of Boston in accordance with Commonwealth mandates. The Board regulates the licensing of premises serving alcoholic beverages, liquor stores, restaurants, hotels, clubs and special permits. It also licenses common victuallers, lodging houses, dormitories, billiards and pool halls, and fortune tellers. The Board coordinates its activities with the Police, Fire and Inspectional Services Departments to ensure that premises are licensed and are operated in the public interest.

FY00 Performance Objectives

- To process applications and issue alcoholic beverage licenses or other licenses.
- To renew all licenses on an annual basis and collect the appropriate licensing fees.
- To respond to neighborhood complaints and police violations by disciplining licensees as appropriate.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.

Automation of Records

Project Mission

Funds have provided the Registry of Deeds with an on-line Records Management imaging system which will give immediate access to the Registry's indices. Continued funding will allow the Registry to update and enhance the existing Records Management imaging system. The system provides the general public, on a cash for use basis, access to Registry records.

Suffolk County Sheriff's Dept Operating Budget

Richard J. Rouse, Sheriff Account: 014-747-0811

Department Mission

The mission of the Suffolk County Sheriff's Department is to provide care, custody and control of prisoners housed at the Suffolk County House of Correction and the Suffolk County Jail. The facilities provide safe and humane conditions of confinement that meet current legal and professional standards. The Sheriff also maintains a leadership role in ongoing efforts to improve the law enforcement and criminal justice systems.

FY00 Performance Objectives

- To provide custody and safe, humane conditions for inmates during their period of incarceration.
- To effectively manage jail overcrowding by performing bail appeals.
- To make inmates and detainees more accountable for their incarceration through charging a co-payment to those inmates who have sufficient funds in their canteen account.

Description of Services

With substantial funding provided by the Commonwealth for county correction operations and City funding for employee benefits, the Suffolk County Sheriff's Department operates a House of Correction at the South Bay and a County Jail at Nashua Street. The Suffolk County Jail provides for safe and secure confinement for all pre-trial detainees, maintaining intake and release records, providing daily food, laundry, legal, and medical services, and transporting prisoners to and from the courts of Suffolk County and various detention centers throughout the Commonwealth. The House of Correction provides a full range of rehabilitative programs and services to prisoners to encourage successful inmate re-entry into the community.

Program 1. County Corrections Support

Richard J. Rouse, Manager Account: 014-747-0811

Program Description

The County Corrections Support Program represents the state-mandated level of City funding that must be provided for the Suffolk County Sheriff's Department. Subject to annual authorization by a state-created County Government Finance Review Board, the Sheriff's Department budget is approved for a certain level of state support, with the balance provided by the City of Boston. For the fiscal year ending June 30, 1999, the City was required to provide the equivalent of 6.875% of total qualifying costs. This level of appropriation is used to fund the incurred cost for employee health insurance, pension funding, and medicare payments.

Program Objectives

- To provide custody and safe, humane conditions for inmates during their period of incarceration.
- To effectively manage jail overcrowding by performing bail appeals.
- To prevent drug abuse and reduce incarceration of young persons by involving youth in education programs.
- To make inmates and detainees more accountable for their incarceration through charging a co-payment to those inmates who have sufficient funds in their canteen account.

External Funds Projects

House of Correction

Project Mission

The mission of the department is to protect the public from offenders by operating the Suffolk County House of Correction as a secure and efficient facility which provides safe and humane conditions of confinement that meet current legal and professional standards.

Adult Basic Education

Project Mission

This program allows for the expansion of the Adult Basic Education Instructional programs to inmates at the Suffolk County House of Correction.

Deeds Excise

Project Mission

Pursuant to Chapter 193 of the Acts of 1989, this grant reimburses the Suffolk County Sheriff's Department for expenses related to the operation and maintenance of the Suffolk County Jail.

Human Immunodeficiency Virus Education

Project Mission

This project provides for the operation of an HIV education program for Suffolk County Sheriff's Department inmates.

Perkins Vocational and Applied Technology Act Grant

Project Mission

This project trains male and female inmates in entry level skills in the printing/graphics industry so they may be successful, working members of society once released from incarceration.

Substance Abuse Treatment

Project Mission

This project provides for the operation of an in-house inmate substance abuse treatment program at the Suffolk County Jail and House of Correction.

Jail

Project Mission

The Suffolk County Jail is responsible for the care, custody, and control of inmates housed at the Suffolk County Jail. The Sheriff also maintains a leadership role in ongoing efforts to improve the law enforcement and criminal justice systems within Suffolk County.

M/WBE Statement

M/WBE Program Commitment-FY00

The undersigned agency manager acknowledges his or her commitment to meeting the goals set by the 1987 Mayoral Executive Order and City Ordinance on Minority and Women Business Enterprise (M/WBE) Development, as amended in 1994.

That Executive Order and Ordinance require that all City of Boston departments and agencies provide the maximum opportunity for minority and women owned businesses to participate in the City's contracting arena. To this end, each City department and agency will increase both the number of such firms that receive City contracts and the amount of contractual dollars awarded. The goals of the M/WBE Program are consistent with this Administration's philosophy of inclusion for all of Boston's residents. More specifically, each department shall make good faith efforts to achieve the following:

That a minimum of 15% of the department's contract dollars for goods, services, and construction be awarded to minority owned businesses; and

that a minimum of 5% of the department's contract dollars for goods, services, and construction be awarded to women owned businesses.

Contained in this budget are funds that shall be spent in accordance with the above stated objectives. Consistent with the Executive Order and Ordinance, the undersigned agency manager has developed and submitted an M/WBE Implementation Plan based upon this budget. Once the budget is passed by the City Council, this Plan will be revised to reflect the total eligible contract dollars of the agency for FY00, as well as its minimum contracting goals for M/WBEs.

The undersigned agency manager commits to use his or her best efforts to achieve the above stated objectives and further commits to ensuring that all program managers and key staff are made fully aware of the provisions of the Executive Order and Ordinance.
